EDUCATION

- 2024- PRESENT
- NATIONAL TECHNICAL TRAINING INSTITUTE (NTTI)
- Bachelor of Information Technology

CORE SKILLS

- **Routing**
Inter-VLAN, RIP, OSPF, EIGRP, BGP, SVI
- **Switching**
VLAN, STP , RSTP ,Ether-Channel, Port Security
- **Firewalling**
NAT , ACLs
- **IP Addressing**
TCP/IP, OSI Model , IPv4, CIDR, Subnetting, VLSM, IPv6
- **Windows Server**
Active Directory , GPO ,DNS Server , DHCP Server
- **CCTV**
DVR , HVR

LANGUAGES

- Khmer
- English (Intermediate)

PROFESSIONAL SUMMARY

Motivated IT professional and Networking Instructor with hands-on experience in Cisco routing and switching, network troubleshooting, Windows and Linux administration, virtualization, and IT support. Skilled in VLANs, Inter-VLAN Routing, STP/RSTP, EtherChannel, OSPF, NAT/PAT, ACLs, DHCP, DNS, VPN fundamentals, and network security labs. Currently pursuing a Bachelor of Information Technology and building practical enterprise networking skills toward a Network Engineer career.

WORK EXPERIENCE

IT Networking Instructor | ETEC Center 2025 - PRESENT

- Teach Cisco networking fundamentals, including VLANs, trunking, routing, OSPF, NAT, ACLs, DHCP, DNS, and subnetting.
- Configure and troubleshoot Cisco routers and switches through practical lab exercises.
- Support Windows installation, hardware/software troubleshooting, and LAN connectivity issues.
- Teach Linux server basics including DNS, DHCP, SSH, and network configuration.
- Introduce firewall, VPN, port security, IDS/IPS, and basic network security concepts.
- Prepare practical networking labs and guide students through structured troubleshooting.
